

Bedroom Sounders

Exclusively distributed by Vimpex, the Hosiden Besson Bedroom Sounders complement Vimpex's range of electronic warning devices that currently serve the fire market.

Meeting the requirements for BS5839 part 1, the Bedroom Sounder range is well suited to hotels and residential environments where aesthetics is a prime concern.

The Bedroom Sounders continue to offer the high standard of styling and design associated with Vimpex's existing range.

Features

- Designed for fire applications in hotels and residential environments
- Low current consumption
- Dual sound option - 'Continuous' and 'Fast Sweep' - selected via a jumper switch
- Flush and surface mounted versions
- Robust terminal connectors to accommodate up to 2.5mm² cable
